

How to start applying for jobs

1 Open your phone's browser and go to:

2 Tell us about yourself

Answer a few simple questions. We use this to help potential employers get to know you better.

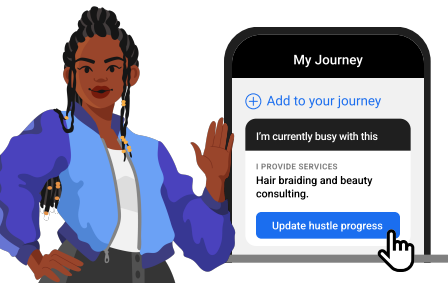

3 Visit sayouth.mobi regularly

Search for new jobs and read **work-readiness content** to become an effective job seeker.

4 Keep your profile up to date

Tell us about your working journey. The more we know, the **more jobs** you will match to.

Update your phone number if it changes so we can contact you about opportunities.
